- ▸ Acquia certified Drupal 8 Grand Master

- ▸ Drupal 7 & 8 core contributor

- ▸ Open source project maintainer

- ▸ Drupal Bristol and PHPSW co-organiser

- ▸ opdavies (Drupal.org, GitHub, Twitter)

- ▸ www.oliverdavi.es

DRUPAL 8 CRASH COURSE

PHP LIBRARIES, UNIT TESTING, COMPOSER, ROUTING, SERVICES, DEPENDENCY INJECTION, CACHING

LIVE DEMO ALERT!

DID YOU KNOW THAT
DRUPAL.ORG HAS AN API?

A PHP LIBRARY FOR THE
DRUPAL.ORG API

- ▸ Retrieve **node** and **user** data
- ▸ Filter by properties
- ▸ Provides own entity classes
- ▸ Methods for retrieving common properties
- ▸ Reusable
- ▸ Unit tested

```
$ composer require opdavies/drupalorg-api-php
```

DISPLAYING DRUPAL.ORG
PROJECT STATISTICS

▸ Inspired by spatie.be/en/opensource

▸ Displays downloads and stars

▸ Drupal 8 module

  ▸ Configuration form to enter project IDs

  ▸ Queries the API

  ▸ Displays project information

  ▸ Retrieved data cached locally

WHEN IS YOUR
DRUPALVERSARY?

▶ When did you register on Drupal.org?

▶ Drupal 8 module

 ▶ Enter a username

 ▶ Queries the API

 ▶ Displays information - next Drupalversary date and number of days until, number of years on Drupal.org

 ▶ Retrieved data cached locally
